

# Deep Love

## Promid

Now I can trust you now  
As I feel at ease  
How lost in you should I be  
Now I can see you clear  
As the day begins  
How lost in this should we be  
Share and say you'll bring  
To me deep love  
You can't say that it's too soon to say how you feel  
Share and say you'll bring  
To me deep love  
Just don't say that it's too soon to say how you feel  
Now as I touch you here  
As the day begins  
How lost in this should I be  
Share and say you'll bring  
To me deep love  
You can't say that it's too soon to say how you feel  
Share and say you'll bring  
To me deep love  
Just don't say that it's too soon to say how you feel  
Share and say you'll bring  
To me deep love  
You can't say that it's too soon to say how you feel  
Share and say you'll bring  
To me deep love  
Just don't say that it's too soon to say how you feel
