Smooth Day (At the Library)

Lightspeed Champion

Two weeks longer, we're getting older
Likeness meet sometime
Waitin' surely, all night and early
Morning light, sun shinesPlease take me home again, my lover
Please take me down again, my loverLonging always, with my book in place
Never stretchin' time
Reading surely, all night and early
Morning light, sun shinesPlease take me home again, my lover
Please take me down again, my loverYou said you don't want to leave me
What else can I do?
You said you don't want to see me
I'll still pursuePlease take me home again, my lover
Please take me down again, my lover
