Blood Orgy

Autopsy

Bodies hung in rows on hooks
Holes remain where limbs once were
Heads removed while stumps ooze blood
Putrid stench-filled death lockerBuckets under corpses fill
Blood collected for the orgy
Torso drained and limbs are saved
Along with heads for decorationsBlood splashed on the ground
Naked zombies gather 'round
Writhing fucking giving head
Blood orgy of the undead
Teeth dislodge in genitals
Zombie-cum fetid and old
Gruesome lust in undead loins
Bloody thrusting rotted groins
Heads on stakes
Candles in the skulls
Shredded flesh
Sprinkled on the floor
Victims fill a purpose on this night
Blood orgies
And cannibalistic sacrificeBlood orgy
