Heart Transplant

Punchline

Advisory - the following lyrics contain explicit language:

If you think that I don't notice
That you're not looking me in the eye
Then you're blind
And I don't have time to sit here and wonder
Just what's under your skin tonight
And I know that there's a problem
But I don't understand
If what's in my chest is now in your hands
I don't want to hear a word, but I doGo to hell, who needs you?
I say this cause I don't believe you
Take my words that way I'm taking yours
It's not fair
You know me
But you don't even hear me
Listen once and listen close to meEven a heart transplant
Wouldn't show you how I feel
Would it baby?
Tearing up my past now
Yeah, it wouldn't show you how I feel
Would it now?Those inside jokes and things we know
Are the furthest thing from my mind
But you let one slip and I forget and smile
But I shouldn't cause I hate you
And I hope this irritates you
As much as it does to me
For even thinking that I don't want you
I'm not looking at you, like I used to
When you kiss me, when you'd want meWhat did I do?
And what did I say?What did I do?
What did I say to make you forget? (x2)Time goes by and wonders why
And where and how and what you've learned
And who is this you're sitting with tonight?

I'm over you, way overdue now
And my heart lies to and between my past
But if I pretend for a minute
And put all I have into it
I swear that I can still feel your something
But it's probably nothingAnd what did I do?
What did I say to make you forget?(x2)Even a heart transplant
Wouldn't show you how I feel
Would it baby?
Tearing up my past now
Yeah, it wouldn't show you how I feel
Would it now? (x3)Even a heart transplant
wouldn't show you how I feel
would it baby?
Tearing up my past now
Yeah, it wouldn't show you how I feel
Would it Baby?
