## Ginuwine

I like it, I love it, I want it all the time  
I crave it, I needs it, it's always on my mind  
I like it, I love it, I want it all the time  
I crave it, I needs it, it's always on my mind  
I gotta show the other freaky side of me  
Girl I wanna give you every inch of me  
Jump up in my truck and let me take you there  
Let you ride all through the night  
I'm a sexaholic and I'm cool with it  
So let me eat that kitty till I'm through with it  
Wanna see you shakin' cause' you lovin' it  
The pleasures' all mine  
I want it all the time, it's always on my mind  
It's just a part of me, sex I love  
I love it anywhere, the bed, the floor, a chair  
It's just a part of me, sex I love  
I like it, I love it, I want it all the time  
I crave it, I needs it, it's always on my mind  
I like it, I love it, I want it all the time  
I crave it, I need it, it's always on my mind  
I want her to beg as I'm hittin' it  
Wanna see you bend while I'm diggin in  
Not just in and out, I'm a circle man  
Everything I wanna feel  
Hittin' every wall is the master plan  
Gotta let you know the kinda man I am  
Gotta put it down, gotta a rep to keep  
I know how women talk  
I want it all the time, it's always on my mind  
It's just a part of me, sex I love  
I love it anywhere, the bed, the floor, a chair  
It's just a part of me, sex I love

I like it, I love it, I want it all the time  
I crave it, I needs it, it's always on my mind  
I like it, I love it, I want it all the time  
I crave it, I need it, it's always on my mind  
I want to feel you close to me  
And never will I want to let you go

The feeling of love, is something that I need  
And this is something that you gotta know  
See you already know the kinda girl I am  
Need a mean long stoke and a video cam  
Cherry gloss, high heels, I entice my man  
Making love by the tub, playing one of your jams  
Then in front of the mirrors, watch me work the pole  
Then I work you on a chair, till I reach my goal  
When I bring it to the floor, let you take control  
See me bend while you beg, yeah this thing is gold  
My weakness, pretty niggas with big sticks  
That do tongue tricks, starring in our own porno flicks  
Turn you on like a light switch, hard as a brick  
'Cause' you lovin' how I'm moving and it's extra thick  
I'll have you anywhere, bed, floor, or chair  
And you can spank me hard and pull my hair  
You see it's all for you, I ain't the type to share  
Though you got dick for days and I got ass to spare  
I like it, I love it, I want it all the time  
I crave it, I needs it, it's always on my mind  
I like it, I love it, I want it all the time  
I crave it, I need it, it's always on my mind  
I like it, I love it, it's always on my mind  
I like it, I love it, it's always on my mind
