Contempt

Le Scrawl

Before my eyes lies nothing but lies
I cannot believe the scenes
Taking place beneath our skiesIt makes me wanna do my time
In a song or on the silver screen
Humanity is the biggest cancer ever to be seenBefore my eyes lies civilization
Ancient and wicked
Destruction in creationNo matter how low you are
There's always someone to look down upon
And it goes fucking on and onEmotionless obscene
But a human life don't mean anything to me
It's merely a seed of insanityEmotionless obscene
But a human life don't mean anything to me
It's merely a seed of insanity
