To Love Somebody

Lydia Loveless

What's it mean to love somebody
or at least hope they'll be around
Well lord I can't ask you for anything honey
but you're all that I think aboutand I never did want that much from you
or at least not everyday
I never did want you to be mine
well at least not all the time but
I wanna be on your mind
well I wanna be on your mindWhat's it mean to love somebody
What's it mean to love someone
what I'm doin when I'm hoping that you'll come
and I know that you won't call me honey
well what does that mean at alland I never did want you in my way well at least not every day
I never did want you to be mine
well at least not all the time but
I wanna be on your mind
well I wanna be on your mind
it feels like I'm gonna die if I can't talk to you
it feel like I'm gonna die only if you don't fill my wound up
but I feel like I'm gonna die either way
feel like I'm gonna die either way
feel like I'm gonna die
whyyyyWhat's it mean to love somebody
or at least hope they love you too
why do I feel so out of breath
oh honey tell me not to be a fool for youcause I never did want that much
I never did want you all the time
oh baby only half the time
I don't wanna be on your mind
but I wanna be on your mind
oh honey let melt in your mouth tonight
let me hold you in my palm like a prize tonightoh honey let me love you all the time
well promise that you'll only love me half the time
