

# It's Too Late

## 7 Year Bitch

It's too late  
To fall in love with Sharon Tate  
But it's too soon  
To ask me for the words I want carved on my tomb  
So I think it's time that you all start  
To think about gettin' by  
But what about that need to go out and find somebody to love  
It's too late  
There's no one left that I even want to imitate  
You see, you just don't know  
I'm here to give you my heart  
And you want some fashion show  
But it ain't no contribution  
To go and rely on an institution  
To validate your chosen art  
And sanction your boredom  
And let you play out your part  
It's too late  
You know when they got nothin' to give  
They only part their legs for what's negative  
And they're so decadent . . .  
Until their daddy's money from home's all spent  
So I think it's time, 'cause it's too easy  
To rely on worshiping strangers and devils in bed,  
Though they do get good drugs, and they do give good head  
It's too late  
You shoulda realized I was worth the wait  
Ah, but you didn't hesitate  
When she took you off, you let her seal our fate  
So I think it's time  
That you all start  
To think about gettin' by  
Without that need to go out and find  
Somebody to love
