

# The Promise

## In This Moment

Its haunting  
This hole that you have over me  
I grow so weak I see you  
And everything around you fades  
And I can't see You can never know what it is you do to me I can't take what you do to me  
I can't take it I can't take what you do to me  
I can't take it No matter what I say or what I do  
I know how this will end  
So I turn it away now before we begin And now matter what you say or what you do  
I know how this will end  
So I'm turning away now I'm dangerous for you  
I'm dangerous for you You touch me  
And I can barely make a move  
And I can't breathe You never know what it is you do to me I can't take what you do to me  
I can't take it I can't take what you do to me  
I can't take it No matter what I say or what I do  
I know how this will end  
So I'm turning away now before we begin And no matter what you say or what you do  
I know how this will end  
So I'm turning away now I'm dangerous The only promise I could make  
Is that my promise is a lie  
The only promise I could make you  
Is that my promise is a lie No matter what I say or what I do  
I know how this will end  
So I'm turning away now before we begin And no matter what you say or what you do  
I know how this will end  
So I'm turning away now I'm dangerous for you  
I'm dangerous for you  
I'm dangerous for you  
I'm dangerous for you  
I'm dangerous for you  
I'm dangerous for you I'm dangerous, I'm dangerous for you My promise is I will hurt you  
My promise is I will hurt you  
My promise is I will hurt you  
My promise is I will hurt you
