

# Refuge In Silence

## Society's Plague

It's not with apathy  
That I am humbled  
By the sound of the voices  
Reaching into mySoul this time  
It's not about the pain  
Every breath you take in  
Is just a mockeryI am not  
The one to overlook  
I'll put your faith back in it's placeOhI am the martyr  
Tearing down your temple  
In search of the freedom  
You will deny meWhen the silence  
Takes over you  
Just know that's it how it has to beOhI am the martyr  
Tearing down your temple  
In search of the freedom  
You will deny meWhen the silence  
Takes over you  
Just know that's it how it has to beOhI am the martyr  
Tearing down your temple  
In search of the freedom  
You will deny me
