

Chyna Girl

Sweetbox

Life hold my breath
I am drowning in my dread
The wind is getting strong
The wind is getting stronger
There's no second chance
When the devils made you dance
The sky is getting dark
The sky is getting dark(chorus)
Can't you see
Can't you see
We were never meant to be
It's no secret That I'm your china girl
Don't you know
Don't you know
That it's time for me to go
It's no secret That I'm your china girl(verse 2)
No turning back
No questions left to ask
The tide is getting high
The tide is getting higher
I'm not afraid I decided on this fate
It's time to face the storm It's time to face the storm(bridge)
You live you learn
And right now my scarlet letter burns
But I won't hide I'll face what's mine
