

Stone River

J.J. Cale

Stone River, water ain't runnin' no more
Stone River, water ain't runnin' no more But man, he done come an' gone, polluted all around
There ain't no river runnin', no water can't be found Stone River, water ain't runnin' no more Fish ain't
swimmin', ain't no fish around nowhere
Fish ain't swimmin', ain't nobody seem to care They bottled up and dammed it, choked it up and canned it
Killed the life around it and stole it like a bandit Stone River, water ain't runnin' no more What used to be a river,
now is just an empty site
Ain't no vegetation, it's just an agitation, it don't seem right There ain't no trees a growin', no animals are
showin'
What used to be a stream is now just a dream Stone River, water ain't runnin' nowhere
Stone River, water ain't runnin' Man, he done cut it off, and moved it all around
There ain't no river runnin', no water can't be found Stone River, water ain't runnin' no more They bottled up
and dammed it, choked it up and canned it
Killed the life around it and stole it like a bandit Stone River, water ain't runnin' no more There ain't no trees a
growin', no animals are showin'
What used to be a stream is now just a dream Stone River, water ain't runnin' nowhere
Stone River, water ain't runnin' nowhere Stone River, water ain't runnin' no more
