Laying Around

Alexis Jordan

Oh
Babe, yeah, yeah, yeah, yeahWhat I wouldn't give to
Wrestle over the remote control
What I wouldn't give to
Hit you harder than you thought I could
With puppy loveCan we stop just for a second?
'Cause you got a feather in your eye, eye
I get it out and you kiss me, I smile
And then we get back to our pillow fight
Man, that sounds nice, ohIf the sky began to fall
We wouldn't even notice
Really wouldn't bother us at all
If the world came to an endNothing matters but us two
When I'm laying around with you
When I'm laying around with you
What I wouldn't give toOh, what I wouldn't give to
Cook you dinner from the microwave
Oh, what I wouldn't give to
Burn the popcorn
And hear you tell me, "Baby, that's okay"
(Baby, that's okay)And then you leave to go to the store
And it's almost too much for me
Though I know it'll only be a minuteAnd then you come back through the door
With a bagful of all the foods
That we're not supposed to eat
That's the night that can't be beat, ohIf the sky began to fall
We wouldn't even notice
Really wouldn't bother us at all
If the world came to an endNothing matters but us two
When I'm laying around with you
(Laying around with you, laying around with you)
When I'm laying around with you
(Laying around with you)
What I wouldn't give toI wanna be in your arms
Where no harm
Could ever come my way
I wanna be where you are
Though near or far
Every night and day, ohIf the sky began to fall

We wouldn't even notice
Really wouldn't bother us at all
If the world came to an endNothing matters but us two
When I'm laying around with you
(Laying around with you, laying around with you)
When I'm laying around with youIf the sky began to fall
We wouldn't even notice
Really wouldn't bother us at all
If the world came to an endNothing matters but us two
When I'm laying around with you
(Laying around with you, laying around with you)
When I'm laying around with you
(Laying around with you, laying around with you)Whoa-oh, whoa-oh, when I'm laying around with you
Whoa-oh, whoa-oh, when I'm laying around with you
Whoa-oh, whoa-oh
