

# Steamin'

## Anvil

Steamin' for your love tonight  
Won't you lay me down  
Walkin' over looking hot and sweet  
Babe you're hard to beat  
It's time to get together with me babe  
Won't ya lay me now  
Know it's your first time for love  
Let me show you howSteamin' for your love tonight  
Steamin' for your love  
Steamin' for your love tonight  
Steamin' for your loveJust relax and let your body go  
Don't fight the feeling, oh no  
Reaching heights you've never reached before  
Won't you let me blow  
Now it's done and you feel released  
From your mad desire  
Mine is blowin' out tonight  
Won't you set the fire
