Wash

Absynthe Minded

I wasn't really thinking of love
When I met you
I was only thinking about
The next gig, favorite dish, reminisce

Something called me when you arrived
And it choked me
What was it that then struck me out
Another thing, a big thing, don't explain

I wasn't really thinking about anything
I thought we're just hanging out
But I'll put it all aside
I won't run for that's all I've ever done

I wasn't really thinking of love
When I met you
I was only thinking about
The next gig, favorite dish, reminisce

You didn't really spoke it out loud
But you said it

What was it we we're talking about
Another thing, a big thing, don't explain

I wasn't really thinking about anything
I thought we're just hanging out
But I'll put it all aside
I won't run for that's all I've ever done

Baby I feel so complete
You fake it so real
A picture beautiful and clean
I wash the dirt of my hands
The guilt of my face
The credits are rolling of the screen
And that's it.

I wasn't really thinking about anything

I thought we're just hanging out
But I'll put it all aside
I won't run for that's all that I have ever done
