

Three Year Old

Eric Church

Advisory - the following lyrics contain explicit language:

Use every crayon color that you've got
A fishing pole sinks faster than a tackle box
Nothing turns a day around like licking a mixing bowl
I learned that from a three year old A garbage can is a damn good spot to hide truck keys
Why go inside when you can go behind a tree?
Walking barefoot through the mud will knock the rust right off your soul
I learned that from a three year old You can be a cowboy on the moon
Dig to China with a spoon
Talk to Jesus on the phone
Say "I love you" all day long
And when you're wrong, you should just say so
I learned that from a three year old "Mama is an angel," I heard him tell the man upstairs
He went on and on and back and forth like God was laying there
Tonight, I lay me down to sleep and pray to keep my soul
Yeah, I learned that from a three year old You can be a cowboy on the moon
Dig to China with a spoon
Talk to Jesus on the phone
Say "I love you" all day long
And when you're wrong, you should just say so
I learned that from a three year old Sometimes, all you need is a hand to hold
Couple arms to kill the cold
And when I'm wrong, I should just say so
I learned that from a three year old
Yeah, honey, I learned that from our three year old
