Ava Adele

Jack Ingram

Ava Adele, I already can tell
You are the one for me
Well, it hasn't been long
But I'm already way gone
In the eyes, Ava AdeleAnd I know that I
I ain't the first guy to take one look
At a beautiful girl and declare
That my search is through, I say this to you
I found love in Ava AdeleAnd I searched low and high
Never did find one thing worth dyin' for
But I'd fall to the ground
I'd go all the way down
Fightin', Ava AdeleAnd I know that I
I ain't the first guy to take one look
At a beautiful girl and declare
That my search is through, I say this to you
I found love in Ava Adele
Yeah, my search is through, I say this to you
I love you, Ava Adele
