

# Silver Birch and Weeping Willow

Ralph McTell

Silver birch and weeping willow  
Hiding swan and circling swallow  
Iâ€™m standing here watching the sun go down  
And Iâ€™m wondering if he will come

Silver birch and weeping willow  
Heather bed and bracken pillow  
Iâ€™m sitting here watching the sun go down  
And I donâ€™t think that he will come

Lying here watching the sun sink  
Change the river; turn the swans pink  
Lying here watching the sun go down  
And I donâ€™t care at all if he donâ€™t come

Silver birch and weeping willow
