

# I'll Drink to That

## Outasight

Walking in the rain trying to clear my head  
the city in that never sleeps, gotta find me a bed  
I'll close my eyes and try to escape  
the lonely nights and the minimum wage  
New York City sounds good right now Times are hard so let's drink to what we've got  
take a shot and have some faith  
singing these long days will be they'll worth it when we're older  
weight is off our shoulders  
I'll drink to that I'll drink to that  
I'll drink to that Walking through the town that made me a man  
Everyone here, tries the best that they can  
when the weekend comes we pour our hearts in a glass  
Raise it up and cheers May the good times last  
New York City sounds good right now Times are hard so let's drink to what we've got  
take a shot and have some faith  
singing these long days will be they'll worth it when we're older  
weight is off our shoulders  
I'll drink to that I'll drink to that  
I'll drink to that So pour another round  
this one's on me  
a toast to our love and our family  
and when the day grows old  
may we look back and say  
that we had our fun  
we lived while we're young Times are hard so let's drink to what we've got  
take a shot and have some faith  
singing these long days will be they'll worth it when we're older  
weight is off our shoulders  
I'll drink to that Take a shot have some faith  
I'll drink to that  
We got to live while we're young  
I'll drink to that  
Take a shot have some faith  
I'll drink to that  
We got to live while we're young  
I'll drink to that New York City sounds good right now
