

Dark Nights

DOROTHY

Don't send me no angel.
This city's too cold.
Cause I need a man with a black heart of gold (whoa).
Don't give me no lover.
If he ain't got the Stones.
Cause I need a man who will fight for his own.(Chorus)
I've seen dark nights
whoa dark nights
but only the darkest light can deliver my love (whoa).
I've seen dark nights
who dark nights
but only the darkest light can deliver my soul.
(whoa whoa whoa whoa)
(whoa whoa whoa whoa)Can't take the fire (can't take fire).
Till you've fallen from grace.
Cause I need a man, a man who's got blood on his hands and the truth on his face.(Chorus)
I've seen dark nights
whoa dark nights
but only the darkest light can deliver my love (whoa).
I've seen dark nights
who dark nights
but only the darkest light can deliver my soul.
(whoa whoa whoa whoa)
(whoa whoa whoa whoa)Dark nights.
Dark nights.I've seen dark nights
whoa dark nights
but only the darkest light can deliver my soul.
(whoa whoa whoa whoa)
(whoa whoa whoa whoa)
