## **Body Body**

## Massari

Workin' that body, body Workin' that body, body Workin' that body, body She movin' that body And when she workin' that body, body You gotta pause They know they never could touch her She's as hot as the sun They can go on and try The way she moves like a fast car Got you turning your head Wanna get in and drive Ooh, baby, baby Zoom zoom baby Speeding like a fast car (She moves like a fast car) Ooh, baby baby Zoom, zoom baby Speeding like a fast car You gotta love the way She rockin' that body, body She movin' that body And when she workin' that body, body You gotta pause She rockin' that body, body She movin' that body And when she workin' that body, body You gotta pause The fliest thing I've ever seen (Ooh) She's got a body like a dream machine The way she moves is like a fantasy (Ooh) You gotta love the way

She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
I wanna know what she's ridin' on

Who shifting those gears What's all under that hood

I wanna get in the driver seat

And turn on the lights

Handle it like I should

Ooh, baby, baby

Zoom, zoom baby

Speeding like a fast car

(She moves like a fast car)

Ooh, baby, baby

Zoom zoom baby

Speeding like a fast car

You gotta love the way

She rockin' that body, body

She movin' that body

And when she workin' that body, body

You gotta pause

The fliest thing I've ever seen

(Ooh)

She's got a body like a dream machine

(Ooh)

The way she moves is like a fantasy

(Ooh)

You gotta love the way

She rockin' that body, body

She movin' that body

And when she workin' that body, body

You gotta pause

Wanna ride them curves

'Cause she can handle it

Push it from zero to sixty

Wanna ride them curves

That sexy body frame

I know that she can keep up with me

Wanna ride them curves

'Cause she can handle it

Push it from zero to sixty

Wanna ride them curves

That sexy body frame

I know that she can keep up with me

You gotta love the way

She rockin' that body, body

She movin' that body

And when she workin' that body, body

You gotta pause

She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
The flyest thing I've ever seen
(Ooh)
She's got a body like a dream machine

She's got a body like a dream machine (Ooh)

The way she moves is like a fantasy (Ooh)

You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
