Hold On

Spitalfield

With you and I
There are no sides
It's one or the otherGive me a time and a place
And I'll be there, I swear
I'm falling from the front
To the back of your mindLet's write this one again
Words we never say
Even just pretend
If it's the only way
Hold on, hold on to youTake a breath and hold it in
Are you still unsure?
To take a step, let's take two back
While covering our tracksGive me a time and a place
And I'll be there, I swear
I'm falling from the front
To the back of your mindLet's write this one again
Words we never say
Even just pretend
If it's the only way
Hold on to youSay what you have been meaning to
And be what you've been dreaming to
Say what you have been meaning toNow hold on, hold on
(Hold on, hold on)
Now hold on, hold on to
Now hold on, hold on
(Hold on, hold on)
Now hold on, hold on to youGive me a time and a place
And I'll be there, I swear
I'm falling from the front
To the back of your mindLet's write this one again
Words we never say
Even just pretend
If it's the only way
Hold on to you
