

Big Girl Now

New Kids on the Block

I'm a big boy, you're a big girl now, now, now
I'm a big girl, you're a big boy now, now, now Back in the day when you were young, it was fun
Little girl, didn't think you were the one, now here I come
Your sexy walk, your sexy talk, that's what's up
Little girl you're clearly not the same kid from the block I ain't that little girl no more, not no more that's for sure
Boy get your ass out on the floor, let's explore, let's explore You know I like the way you move it, move it
Here you're all grown up and now you're ready to let it go
Wanna be a big girl, got to prove it, prove it
With a body like that you've got a grown man ready to blow I'm a big boy, you're a big girl now, now, now
I'm a big girl, you're a big boy now, now, now Back in the day when I was young, kinda dumb
But I always knew I'd be the one, now here you come
Gonna get you wet, gonna make you sweat, girl I bet
Gonna give you something you ain't never gonna forget You ain't no little girl no more, no that's for sure, yup,
booty like oh
Wanna work it like a big girl, lets explore
Now drop it to the floor, baby get raw You know I like the way you move it, move it
Here you're all grown up and now you're ready to let it go
Wanna be a big girl, got to prove it, prove it
With a body like that you've got a grown man ready to blow You know I like the way you move it, move it
Here you're all grown up and now you're ready to let it go
Wanna be a big girl, got to prove it, prove it
With a body like that you've got a grown man ready to blow I'm a big boy, you're a big girl now, now, now
I'm a big girl, you're a big boy now, now, now
I'm a big boy, you're a big girl now, now, now
I'm a big girl, you're a big boy now, now, now I've been waiting too long for you to get naughty
Beat this, spank me daddy c'mon touch my body
They say that good things come to those who wait
Come and take it mamma before it's too late
Oh baby, ooh yeah, you know I like it, yeah You know I like the way you move it, move it
You're all grown up and now you're ready to let it go
Wanna be a big girl, got to prove it, prove it
With a body like that you've got a grown man ready to blow You know I like the way you move it, move it
Here you're all grown up and now you're ready to let it go
Wanna be a big girl, got to prove it, prove it
With a body like that you've got a grown man ready to blow
A grown man ready to blow
