

# This Is Cracker Soul

## Cracker

Hey hey, it's okay to make  
A little mess out of your life  
'Cause you don't need a diagram  
To tell you how to have a good time I said hey  
(Hey)

I don't mean to frighten you away  
This is cracker soul  
It comes so easy  
I said hey  
(Hey)

I don't get your head a mess  
This is just the best  
It comes so easy  
It comes so easy Hey hey, it's okay to never know  
The answer but ask why  
(Why oh why?)

'Cause you don't need another burden  
Come and party with your spirit guide I said hey  
(Hey)

Don't get your head a mess  
This is cracker soul  
It comes so easy  
I said hey  
(Hey)

Don't get yourself distressed  
Love is just the best  
When it comes easy  
It comes so easy I said hey  
(Hey)

Don't get your head a mess  
Just like cracker soul  
It comes so easy  
I said hey  
(Hey)

Don't get yourself distressed  
This is just the best  
When it comes easy I said hey  
(Hey)

Don't get your head a mess

And live it for the rest  
It comes so easy  
I said hey  
(Hey)  
I don't mean to frighten you away  
This is cracker soul  
It comes so easy  
It comes so easy
