

Never Letting Go

[Anthony Hamilton](#)

Oh love you're like heaven to my eyes
Each and every time I see you
Young love so powerful
It's so intoxicating
I'm all in, got my tail steady spinning
Don't know where I'm ending
I found a heart that I believe in
I found a heart that I was needing Oh love, I love the way you pacify me
Keep me forever smiling
Heaven must have sent a better angel
It's hard to take it all in
We make love, and I feel that we are one
You are my completion
I found a heart that I believe in
I found a heart that I was needing
I found a heart that I believed in
And I'm never letting go, love I found a heart that I believe in
I found a love that I was needing
I found a heart that I believed in
And I'm never letting go of my love
And I'm never letting go of my love
Never letting go of my love
Hey, eh hey eh hey
Hey, eh hey eh hey
