

# Wait for the Light to Shine

Connie Smith

When the road is rocky and you've got a heavy load wait for the light to shine  
If you find your friendless on that weary lonesome road wait for the light to shine  
Wait for the light to shine wait for the light to shine  
Pull yourself together and keep looking for the sign wait for the light to shine Don't forget your brother as you  
travel through the land wait for the light to shine  
He may be in trouble and may need a helping hand wait for the light to shine  
Wait for the light to shine wait for the light to shine  
Never give up hope or cast your pearls and pour this wine wait for the light to shine Now if your life is empty  
and you're on your last go round wait for the light to shine  
And if you hear the chime bells on that highway you have found  
Wait for the light to shine  
Wait for the light to shine wait for the light to shine  
Now when your friends forsake you and you haven't got a dime  
Wait for the light to shine Don't let trouble fool you and your sin will all be gone wait for the light to shine  
Don't forget his darkness just before the break of dawn wait for the light to shine  
Wait for the light to shine oh wait for the light to shine  
Keep these words before you as you walk that narrow line wait for the light to shine  
Wait for the light to shine oh wait for the light to shine  
Just keep these words before you as you walk that narrow line  
And wait for the light to shine wait for the light to shine
