Lights And Camera

Yuna

Lights
Camera
Struck a pose
And if someone help you
Lipstick on
YeahHigh heels higher
Six feet tall
And everybody knows
Who you areAnd nobody cares
If your heart is aching
Nobody cares
If you want no moreNobody wants to know
You cried the night beforeVaster your dreams and your hopes
Into it
Everything you used to know
Is gone
And you're slipping into in your ownTrying not to lose yourself[Chorus]
'Cause these lights won't kill me now
Saying these clothes won't change me nowSaying these words won't scare me now
Saying I will be myself
I will be myselfFriendly people
All around
And time to put
Your best face on
YeahSmiling like there's
Nothing wrong
Though deep down you feel
So aloneNobody sees who you are inside
Nobody knows you are so much moreNobody needs to know
You're tired of putting a showVaster your dreams and your hopes
Into it
Everything you used to know
Is gone
And you're slipping into in your ownTrying not to lose yourself[Chorus]
Saying these lights won't kill me now
Saying these clothes won't change me nowSaying these words won't scare me now
Saying I will be myself'Cause these lights won't kill me now
Saying these clothes won't change me nowSaying these words won't scare me now
Saying I will be myself

I will be myselfNobody cares
If your heart is aching
Nobody cares
If you want no moreNobody wants to know
Nobody cares at all[Chorus]
Saying these lights won't kill me now
Saying these clothes won't change me nowSaying these words won't scare me now
Saying I will be myself
I want be myself (x3)
