

That's Life

Guttermouth

The girls look really sad
Like a trucker who's breath
Was smelling bad from
Corn nuts and
Cokes and
Cigarettes
Like an orphan
Or kids who have turrets
Like a high school reunionA dead river
How are you fine I'm doing well
Looks like your wife threw in the towel
I'd rather walk the gang plank
If I must be frank
Is this some of silly prank
Your ship came in but then sank
I get around ideas
Hey Hey
That's life
Forget the inbetweens
That's life
Hey Hey
That's life
It's all you man
That's life
Hey Hey
That's life
Just like daddy said
That's life
Hey Hey
That's life
I'll get the lube man.
