Love Triangle

Dwele

Verse I:
She?s only known me as a close friend (for so long)
In real life it?s got to stay that way (but this song)
I gotta make her see if she don?t already know she?s a (special case of friend relations)
I met her and her friend at the same time
I wanted her but her friend was online
Since I?m a man I did what any man would do, I figured (second place is better than none)
Chorus:
How did I get in this love (triangle)
Found myself in this love (triangle)
What I?m gone do ?bout this love (triangle)
No room for a (honest man in this love triangle)
Verse II:
Me and her friend had big fun, but it (ran its course)
Ended errthang on good terms called it (friendly divorce)
But now I found myself in conversation more with the (one I really like from the start)
Started with conversation over (friendly text)
But now it?s hush hush relations called it (friendly sex)

It feels so right why do we have to hide from our friends (oh) this is too much damn you cupid.
Chorus:
(How did I) How did I get in this love (triangle)
Found myself in this love (triangle) Yeah
What I?m gone do ?bout this love (triangle)
I?m a (honest man in this love triangle)
Chorus:
How I get in this love (triangle)
(I) Found myself in this love (triangle)
(Ooo ooo) What I?m gone do ?bout this love (triangle)
Man (honest man in this love triangle)
Bridge:
I couldn?t withstand it I had to let her know
(That me and her friend) done got intermittent she light weight touched my soul
Now she?s freaking livid she?s trying to kill us both off of this crazy love triangle
How many of ya?ll (feeling it) have been in my position (find yourself)
Involved with two friends and left to make decisions (by yourself)
Do you follow your heart and what feels right (oh this is wrong)
Thank God it?s just a song (It?s just a song)
