

# Two Years

## Have Mercy

Two years now and I'm alone again  
Close your eyes and count to ten and tell me  
How the hell you've been?  
"I'll be okay: I promise and I swear."  
As they open up I ask abruptly  
"When? and Why? and Where?"  
I found the shoulder  
I found the closest one  
Confessed my fears and that it's done  
I can't stare at the ceiling anymore  
As the story goes, we always know that when it rains it pours...  
I had a life and I had friends  
I miss all of them I stare at the picture on my sill from Opening Day  
The times that were a thrill  
Coughing heavy from the habit I should've quit  
I wonder if I did if it would've helped a little bit I had a life and I had friends  
I miss all of them  
I paced the places and the hallways where we'd meet  
Hoping one day you'd come my way and sweep me off my feet  
But, two years now and I'm alone again  
Close your eyes and count to ten and tell me  
How the hell you've been? I had a life and I had friends  
I miss all of them
