

Hello My Hate

Black Veil Brides

I don't wanna be!Hello my love, well good riddance and farewell to you.

 This marks the day we met on your terms.

 Hello my hate, well this marks the day I killed you.

So cuddle, make your bed, we broke the ice...your only dead and..I don't wanna be!

 Another dead-weight victim of love tragedy and

 I don't wanna be!

 Another "look like James Dean" punk trippin' sanity and

 Another straight edge poser preachin'

 Lets be smoke free!

 Cause all I wanna be!

Is another "who cares" "shot dead" kid, I'm going down, down, down!I am your hate, you are my love, I am

 your lust, you are my lovedrug.....

 the one that cures me.

 Hello my hate, well this marks the day I killed you.

 So rest in peace, you made your bed...quit haunting me your only dead!

 I don't wanna be!

 Another dead-weight victim of love tragedy and

 I don't wanna be!

 Another "look like James Dean" punk trippin' sanity and

 Another straight edge poser preachin'

 Lets be smoke free!

 Cause all I wanna be!

Is another "who cares" "shot dead" kid, I'm goin down, down, down![Solo]I don't wanna be!

 Another dead-weight victim of love tragedy and

 I don't wanna be!

 Another "look like James Dean" punk trippin' sanity and
