

Winter Rose

Fairground Attraction

Precious winter rose
Beautiful and rare
Precious winter rose
In the garden there Now there's only thorns
In the garden there
All of the petals are tattered and torn
Scattered everywhere And the hand that crushed
The winter rose was mine
Yes, the hand that crushed
The winter rose was mine Yes, the hand that crushed
The winter rose was mine, was mine
Yes, the hand that crushed
The winter rose was mine, was mine
Was mine The hand that crushed
The winter rose was mine So beautiful and rare
