## LEL Brothas

Get em Get em, get em, ge get em get em, what  
Get em Get em, get em, ge get em get em, what  
Get em Get em, get em, ge get em get em, what  
Get em Get em, get em, ge get em get em, what

MANIACS, Round up  
Take it to the streets, itâ€™s a Maniac Thang  
Take it from elites, itâ€™s a Maniac Thang  
Itâ€™s a Maniac Thang, throw yo click up in the sky  
Itâ€™s a Maniac Thang, Cause itâ€™s always do or die

People wanna wonder why, Maniacs Do or die  
Lit in up the street, blazin like a drive by  
Maniacs donâ€™t party, they rock around the clock  
No talk, block on lock, its my boy J-Roc

Big Snake, Code Dog, number one Insane Kane  
Drop it down a gear, when u wanna change a lane, make em brains hang  
Always do the same thang, its crazy, seein hazy, and the street still pays me

Call us supermen but wit no s on our Chest, got our vest, neva stress layin others to rest  
Put in prospects to the test, cause we run the southwest, Always Risin Christ Maniacs blessed by the best

Get yo hoods rats cause we roll wit the models, neva hobal, no one can topal  
Always burpin the throttle, We remodel, Got the Title, its vital to our survival  
Breakin top speeds rollin wit my nitrous oxide bottle

Hook X4:  
Ima Maniac Maniac, whats up a maniac  
a Maniac Maniac, cant touch a maniac

Maniacs, speed demons and fiendin  
The ducati is hungry, mess wit us and we gon feed it  
Always tearing up the street, and up in the zone  
See them red and blue lights flash, pop the clutch and we gone

You See the Busaâ€™s a beast, heâ€™ll try to tear up yo knees  
And if you aint got no honor then you can rest in peace  
You see Big Snake is the boss, Yoyo aint got no fear

Got that maniac magic, watch them ninjas disappear

Bridge:

Rev it up if your down, throw the duce or we fight  
Light it up, smoke em out, uhh huh thatâ€™s right  
Stand it up for your boys, fly yo colors like a kite  
Get it pumped, get it loud, we the maniacs aight

Hook

We them maniacs, rollin wit full force,  
And if you canâ€™t keep up, keep to ass on the porch  
I got that gleam I my eye, and nitrous up in my veins  
My tunnel vision engaged (Theres goes Horhey) GET OUT HIS WAY!!!

You thought I was caught, I see thatâ€™s what you was hoping  
Speed limits just like the law its only made to be broken  
If u aint doing 200+ u donâ€™t belong in the pack  
Suicidals got a new name, call them the maniacs
