

Son of Flame

Project 86

I peer into the blood of mystery
The secret locked inside these crooked veins
I see my history return my stare
An heir of destiny becoming clear
Burning
Ignite the way
Burning
Son of flame you light the darkest day
You made your entrance into legacy
An anchor in the storm of tragedy
You pierced the depths of me with just one gaze
And broke the veil like it was nothing
Burning
Ignite the way
Burning
Son of flame you light the darkest day
Burning
Ignite the way
Burning
Son of flame you light the darkest day
Ignite
Ignite
So far beyond all that I dreamed you'd be
So take the flame.
Your empire awaits...
Burning
Ignite the way
Burning
Son of flame you light the darkest day
Burning
Ignite the way
Burning
Son of flame you light the darkest day
