What You Want (Elder Jepson Remix)

Evanescence

Do what you, what you want
If you have a dream for better
Do what you what you want
Till you don't want it anymore (Remember who you really are)Do what you, what you want
Your world's closing in on you now (It isn't over)
Stand and face the unknown (Got to remember who you really are)
Every heart in my hands like a pale reflectionHello, hello remember me?
I'm everything you can't control
Somewhere beyond the pain
There must be a way to believe we can break throughDo what you, what you want
You don't have to lay your life down (Is it over?)
Do what you what you want
Till you find what you're looking for (Got to remember who you really are)But every hour slipping by screams that I have failed you
Hello, hello remember me?
I'm everything you can't control
Somewhere beyond the pain there must be a way to believeHello, hello remember me?
I'm everything you can't control
Somewhere beyond the pain there must be a way to believeThere's still time, close your eyes
Only love will guide you home
Tear down the walls and free your soul
Till we crash we're forever spiraling down, down, down, downHello, hello, it's only me
Infecting everything you love
Somewhere beyond the pain
There must be a way to believeHello, hello remember me?
I'm everything you can't control
Somewhere beyond the pain
There must be a way to learn forgivenessHello, hello remember me?
I'm everything you can't control
Somewhere beyond the pain
There must be a way to believe we can break throughRemember who you really are
Do what you want, you want
