# Light After Night

## Jakalope

It's wonderful
When I am uncomfortable
This rollercoaster mind
My one track ride
Tell me you'll lie
Replacing my alibi
I'm a poster girl
And you're the one take guyDance with me
All the way
I want you to
Get me high
Dance with me
All the way
I want you to
SatisfyI'm hanging off of a cliff
Can feel my heels start to slip
And while I live for the fall
You're my masquerade ball
Can't wait to catch that train
22's going your way
I'm a billboard sign
Here's the number to callDance with me
All the way
I want you to
Get me high
Dance with me
All the way
I want you to
SatisfyDance with me
All the way
I want you to
Get me high
Dance with me
All the way
I want you to
SatisfySo
Here it goes
I don't listen
So

Here it goes
And so
Here I've gone missing
So here I goI don't wanna choose wrong from right
I love how you make me fight
And I'll circle the light
I'm racing
Light after night
I know I'll choose wrong from right
I love how you make me fight
And I'll circle the light
I'm racing
Light after nightI want you to
I want you to
I want you to
Get me highDance with me
All the way
I want you to
Get me high
Dance with me
All the way
I want you to
SatisfyDance with me
All the way
I want you to
Get me high
Dance with me
All the way
I want you to
Satisfy
