Control Of The Knife

Girls Aloud

Won't climb underground, battle lounge
Won't crawl through the dirt, you're cruel
That's what you found, body sound
I'm turning it round, I'm cool
You hooked me line and sinker, I fell
Ooh, you're like the heavens in hell
You took me high and blinkered, I fell
Ooh, you're like the kiss and the tell
You're keeping control of the knife
But I'm not your darling
It's keeping me cold in the nights
But honey, you're starving
Got sweet hassle, sweet talking me
Got cheap babble, cheap talking free
You hooked me, line and sinker, I fell
Ooh, you're like the heavens in hell
You took me high and blinkered, I fell
Ooh, you're like the kiss and the tell
You're keeping control of the knife
But I'm not your darling
It's keeping me cold in the nights
But honey, you're starving
Got sweet hassle, sweet talking me
Got cheap babble, cheap talking free
