

My Way of Giving (Alternate Version #2)

Small Faces

I've been told it's just a matter of time
Before you meet someone who opens your eyes
 But time's on my side so nevertheless
I know the pain of too much happiness[Chorus]
 It's all part of my way of giving
 And I'm giving it all to you
 More than love it's a way of living
And what more would you have me doAlthough I'm not a guy that means to hurt
 And if at times it seems our love won't work
 I tell you honey, you must surely realize
See all confusion in my cloudy eyes[Chorus]Although I'm not a guy that means to hurt
 And if at times it seems our love won't work
 I tell you honey you must surely realize
See all confusion in my cloudy eyes[Chorus]
