Well Done

Tye Tribbett

Tye:
I wanna hear well done (thank you Jesus, thank you Jesus)
Anybody wanna hear well done with me?

Verse 1
On that great day
when he cracks the sky
when the world hears the trumpets sound
and the dead began to rise
I wonder how it will be
will I be walking down the street
will it happen right in the middle of the day
or at night when i'm asleep

Chorus
All I know is I want to be ready (I want to be ready)
I want to be ready
and I want you to say well done
I just want you to say well done

Verse 2
I can already see the signs
each day the world is getting worst
it seems the earth itself is crying out
for someone to rescue her
the days are getting shorter
the years are passing by
It's like I see the lord preparing himself
to come and get his bride

Chorus
(All I know) All I know is I want to be ready
I want to be ready
and I want you to say well done
I just want you to say well done

(All I know is I want to be ready)
All I know is I want to be ready
(Say I) I want to be ready
and I want you to say well done

I just want you to say well done

Tye:
Most of us have plans for this life
we have a blue print of our business and how we want our future to be
and its good to have a vision and a plan for with out a vision the people perish so thats a great thing
but lets be mindful as we pursue our dreams
and as we pursue our goals
that at the end of all this
the reality is i'm living my whole life
just to hear two words
and thats well done
anybody with me
i'm living my whole life just to hear well done
thats all i wanna hear

(I wanna hear Enter)
Enter
Enter, into my joy servant well done
(Enter)
Enter, into my joy servant well done
(Enter)
Enter, into my joy servant well done(x2)

(Well done)
Well done
Well done
Faithful servant well done
(I wanna hear well done)
well done
(thats all I wanna hear)
welldone
faithful servant well done
(well done)
well done
(well)
well done
faithful servant well done
