Vaccine

Ladyhawke

In my bed I dream at night
By the man who couldnt see
You took my hand and held it tight
You said: what will people think of me?Sit tight, one or the other will win
Cool hand, no time for leaving, were in
I think Im dreaming
What will people think of me?You will be my vaccine yea
And Ill be your in-betweener
Well wake of happy air
From all our dreams, all our dreams x2Counting sheep past 2 AM
Hoping you will comfort me
But still with sits and waits
To say: what will people think of me?Sit tight, one or the other will win
Cool hand, no time for leaving, were in
I think Im dreaming
What will people think of me?You will be my vaccine yea
And Ill be your in-betweener
Well wake of happy air
From all our dreams, all our dreams x2Sit tight, one or the other will win
Cool hand, no time for leaving, were in
I think Im dreaming
What will people think of me?You will be my vaccine yea
And Ill be your in-betweener
Well wake of happy air
From all our dreams, all our dreams x24x From all our dreams, all our dreams
