

# Vaccine

## Ladyhawke

In my bed I dream at night  
By the man who couldnt see  
You took my hand and held it tight  
You said: what will people think of me? Sit tight, one or the other will win  
Cool hand, no time for leaving, were in  
I think Im dreaming  
What will people think of me? You will be my vaccine yea  
And Ill be your in-betweenner  
Well wake of happy air  
From all our dreams, all our dreams x2 Counting sheep past 2 AM  
Hoping you will comfort me  
But still with sits and waits  
To say: what will people think of me? Sit tight, one or the other will win  
Cool hand, no time for leaving, were in  
I think Im dreaming  
What will people think of me? You will be my vaccine yea  
And Ill be your in-betweenner  
Well wake of happy air  
From all our dreams, all our dreams x2 Sit tight, one or the other will win  
Cool hand, no time for leaving, were in  
I think Im dreaming  
What will people think of me? You will be my vaccine yea  
And Ill be your in-betweenner  
Well wake of happy air  
From all our dreams, all our dreams x24x From all our dreams, all our dreams
