The Decline Of Country And Western Civilization

Lambchop

Well I hate Nathan Bedford Forrest
He's the featured artist in the devil's chorus
And damn they're looking ugly to me
Damn they're looking ugly to meThey say put an end to all your joking
You lost your friends when you quit smoking
And damn they're looking ugly to me
Damn they're looking ugly to me nowThe print the proof it disappoints
And damn you're running late
The fall the spills are picking up
And it's their best effort to dateYou see your pitchfork I-rock saviors
And I'm sorry I still prefer Jim Neighbors
And damn they're looking ugly to me
Damn they're looking ugly to meIt's said that those who wait will be rewarded
But I think those who are waiting will soon be deported
And damn they're looking ugly to me
Damn they're looking ugly to meNow Insurance of the past is gone away
And how we've overcome the weakness for the altered statements
And hey you know we're dressed like that
And hey, that's rather silly
And hey, I made a bet with you
That it's not T mobilityOne more week of the preacher's blend
Then I'll be back from on the mend
And damn they're looking ugly to me
Damn they're looking ugly to meSoon I can do just what I please
But I still hold my hip each time I sneeze
And damn they're looking ugly to me
Damn they're looking ugly to meOh, The goose, the golden grams
And all the flock is fleeced
And as a man comes up short of ram
His memory's increased
A trying situation over rated
And gone is comedy
And I've been quoted for the criminal suggestions that were made to me
And by your other people's projects
You are mostly trusted and complex
And damn they're looking ugly to me
Damn they're looking ugly to meAnd I can catch and I can ground in
These awkward places that I found
And damn they're looking ugly to me

Damn they're looking ugly to meNow
It's all of me please don't
And all you didn't know
You hush your mind you won't
How little you have grown
And I'm still alone
But you're good lookingYou're good looking
