

# Something Got Me Started (Steve Mac Instrumental)

## Simply Red

Something got me started,  
you know that I will love you.  
Lately since we parted,  
I truly know that I need you. I'd give it all up for you,  
I'd give it all up for you,  
I'd give it all up for you,  
I'd give it all up for you,  
I'd give it all up for you,  
I'd give it all up for you,  
I'd give it all up for you.  
I'd give it all up for you. Come on I'd Totally broken hearted,  
guilty of what I did to you.  
Lately since we parted,  
I truly know that I need you. You've got to help me now.  
You've got to help me now.  
You've got to help me now. You've got to help me now.  
You've got to help me now.  
You've got to help me now. You've got to help me now.  
You've got to help me now.  
You've got to help me now.
