

# Thank You John

## Willie Tee

Thank you John Willie Tee  
Come in baby  
Who did you fool tonight?  
Was it my friend John?  
He thinks you're outasite.  
I know that you've been ballin'  
You're as high as you can be  
But I knew, baby, you'd come home to Willie Tee  
She was just teasin' you

What did he say when you told him you were goin' home?  
I know he wanted to handle you  
I could tell by the bruises on your arm  
I told him once he was a shuck time stud  
If he tries this again  
He's gotta shed some blood  
It's gonna be all right

Now I don't blame you baby  
For tryin' to swell his head  
Cause after all baby  
He's givin' us his bread  
Now it's all right for you to go out all night long  
But when he spreads that bread  
Be sure he spreads it right

I wanna thank you John  
For being a good time come  
You done proved yourself to me  
You're as jive as you can be  
Now it's all right to keep her out all night  
But when she leaves you alone  
Send your paycheck home  
It's gonna be all right

Oh thank you John  
You been a boss time come  
You ain't nothin' but a jive  
Shuck time monkey town stud  
It's gonna be all right

You lollypop, you sucker John

---
