

Twist In My Sobriety

Les Adams & Alexis

All God's children need traveling shoes
Drive your problems from here
All good people read good books
Now your conscience is clear
I hear you talk girl, now your conscience is clear
In the mornin' when I wipe my brow
Wipe the miles away
I like to think I can be so willed
And never do what you say
I'll never hear you and never do what you say
Look my eyes are just holograms
Look your love has drawn red from my hands
From my hands you know you'll never be
More than twist in my sobriety
More than twist in my sobriety
More than twist in my sobriety
We just poked a little empty pie
For the fun that people had at night
Late at night, don't need hostility
Timid smile and pause to free
I don't care about their different thoughts
Different thoughts are good for me
Up in arms and chaste and whole
All God's children took their toll
Look my eyes are just holograms
Look your love has drawn red from my hands
From my hands you know you'll never be
More than twist in my sobriety
More than twist in my sobriety
More than twist in my sobriety
Cup of tea, take time to think, yeah
Time to risk a life, a life, a life
Sweet and handsome, soft and porky
You pig out 'til you've seen the light
Pig out 'til you've seen the light
Half the people read the papers
Read them good and well
Pretty people, nervous people
People have got to sell
News you have to sell
Look my eyes are just holograms
Look your love has drawn red from my hands
From my hands you know you'll never be
More than twist in my sobriety
More than twist in my sobriety
More than twist in my sobriety
Look my eyes are just holograms
Look your love has drawn red from my hands

From my hands you know you'll never be
More than twist in my sobriety
More than twist in my sobriety
More than twist in my sobriety
