

Virgin Sexy

Sugababes

Come on, come on, baby
Hey, come on
Hey
Hey, come on, baby
Hey
She wants to be beautiful, feeling kinda sexual
Getting it on
Hips moving walking down the street
Lips talking saying something sweet, she doesn't know
Show lights, I'm looking tight with my snake skin boots
Feeling lucky tonight, come on
Hormones raging, I wanna turn the page and
Take a look inside it's amazin'
How do I know it, I'm ready to take you there
Just thinking about it really scares me, not ready
'Cuz I'm virgin, virgin sexy, if you want me, just text me
'Cuz I'm having a chemical reaction, come on, baby
Sexy sexy sexy
Sexy sexy sexy
All she sees is the last thing inside
(Like he wants to be the first one)
She ain't ready for the surprise
(He just wants to get the job done)
Heading straight for the danger zone
(Daddy want to keep his ass home)
Wants to explore the unknown
(Roaming like a little cell phone)
Strobe lights, I'm looking tight with my snake skin boots
Feeling lucky tonight, come on
Hormones raging, I wanna turn the page and
Take a look inside it's amazin'
Strobe lights, I'm looking tight with my snake skin boots
Feeling lucky tonight, come on
Hormones raging, I wanna turn the page and
Take a look inside it's amazin'
How do I know it, I'm ready to take you there
Just thinking about it really scares me, not ready
'Cuz I'm virgin, virgin sexy, if you want me, just text me
'Cuz I'm having a chemical reaction, come on, baby

How do I know it, I'm ready to take you there
Just thinking about it really scares me, not ready
'Cuz I'm virgin, virgin sexy, if you want me, just text me
'Cuz I'm having a chemical reaction, come on, baby
She wants to be beautiful, feeling kinda sexual
Hips moving, walking down the street
Lips talking saying something sweet
Da, da, da, da, da, da, da, da
Getting it on
Da, da, da, da, da, da, da, da
(Come on baby, hey)
Sexy, sexy, sexy
Da, da, da, da, da, da, da, da
Getting it on
Da, da, da, da, da, da, da, da
(Come on, baby)
Sexy, sexy, sexy
How do I know it, I'm ready to take you there
Just thinking about it really scares me, not ready
'Cuz I'm virgin, virgin sexy, if you want me, just text me
'Cuz I'm having a chemical reaction, come on, baby
