

Girl Next Door

Massad

She walks around town with that pretty smile on her face
I'm running in circles; this girl, she loves the thrill of the chase
My heart skips a beat when she's here next to me
But I don't know what to say
This feeling of love which is sent from above
Gotta tell you here today I've been waiting for her all my life
So close, does she feel it
She's always been right here
Just next door, yeah [Chorus]
She makes me feel
Alive, alive, ah-ah-alive, alive, alive
She's the girl next door, yeah
Alive, alive, ah-ah-alive, alive, alive
She's the girl, she's the girl next door
Alive, alive, ah-ah-alive, alive, alive
She's the girl next door, yeah
Alive, alive, ah-ah-alive, alive, alive
She's the girl, she's the girl next door She talks about us like it's happening when it ain't
I'm wishing she'd see me for more than just somebody to play
It's hard to imagine what life would be like
If I let you slip away
I'm not giving up on this love between us
Gotta tell you here today I've been waiting for her all my life
So close, does she feel it
She's always been right here
Just next door, yeah [Chorus]
She makes me feel
Alive, alive, ah-ah-alive, alive, alive
She's the girl next door, yeah
Alive, alive, ah-ah-alive, alive, alive
She's the girl, she's the girl next door
Alive, alive, ah-ah-alive, alive, alive
She's the girl next door, yeah
Alive, alive, ah-ah-alive, alive, alive
She's the girl, she's the girl next door She's walking away
Walking away from me, from me
It's getting harder each day
And harder to say I need you [Instrumental] I've been waiting for her all my life
So close, can't she feel it

She's always been right here
Just next door, yeah[Chorus]
She makes me feel
Alive, alive, ah-ah-alive, alive, alive
She's the girl next door, yeah
Alive, alive, ah-ah-alive, alive, alive
She's the girl, she's the girl next door
Alive, alive, ah-ah-alive, alive, alive
She's the girl next door, yeah
Alive, alive, ah-ah-alive, alive, alive
She's the girl, she's the girl next door
