Said And Done

Nils Frahm

This song's going to you
The one who's so confused
The one who feels so used
You don't have to wait
for all this silly fate
For things you can not make
Hey what are you going to say?
What are you going to do?
When its all said and done

I watched you from afar
Wishing on every star
Saving every penny
And I used to feel the same
Like every things a game
But all I kept doing was losing
Hey, what are you going to say?
What are you going to do?
When its all said and done
