

# I Wish You Were Here

## Simple Minds

Footsteps, I can hear footsteps in the hall  
I hear footsteps, seems like I've been through this before  
Some time has come now, some time has passed  
But things still look the same  
Is heaven all above and paradise below?  
And the questions still remain Ooh, can we see you?  
Ooh, are we near you?  
How could you disappear out of here?  
I wish for something, I wish you were here  
Footsteps, I can hear footsteps in the hall  
I hear footsteps, it seems like I've been through this before  
Well, we loved you then, I guess we always will  
We love you still from here  
Birds of a feather always stay together  
And never separate, no fear Ooh, can we see you?  
Ooh, are we near you?  
How could you disappear out of here?  
I wish for something, I wish for something  
I wish you were here, I wish you were here  
I wish you well  
Footsteps, I can hear footsteps in the hall  
I hear footsteps, seems like I've been through this before  
If all the world was turning blue and gold  
Like through your eyes so clear  
The time has come to celebrate our past  
And crystallize this sphere Ooh, can we see you?  
Ooh, are we near you?  
How can you disappear out of here?  
I wish for something Ooh, can we see you?  
Ooh, are we near you?  
How can you disappear out of here?  
I wish for something  
I wish you were here, I wish you were here  
I wish you well  
There will come a day  
Oh, some day our day will come  
Our day will come, our day will come
