Four Wheels

.38 Special

Here we come now
Don't you know that you ain't got
the time to settle down
You say the road is the only home you know
Well that may be true and it's up to you
to know what's right or wrong
You gotta let those four wheels roll
Let those four wheels roll
Let 'em roll now

The only time that you'll feel right
is when you're on the road
Makin' time is the only thing you know
Well I hope that you can make it through
this long lonely run
You gotta let those four wheels roll
Let those four wheels roll

Can't you see tomorrow is far, far away?
You know and I know it's a long, long way
Just keep on rollin' and you'll be there someday
To run the golden road my friend that's the only way

Don't you know that you ain't got
the time to settle down
You say the road is the only home you know
Well that may be true and it's up to you
to know what's right or wrong
You gotta let those four wheels roll
Let those four wheels roll
Let 'em roll now

Yeah, oh let those four wheels roll
Let 'em roll
